Burns Mechanical provided HVAC, medical gas and plumbing work at Bucks Specialty Hospital in Bensalem, PA. The work began in June, and Phase 1 was completed at the end of August, 2009.

This project was a real team effort that produced fast-track completion to obtain approval by the Department of Health by August 30th. Burns Mechanical worked with Wolfe Scott Associates as Construction Manager, along with Silas Belof, electrical contractor, and the architect and engineer to accomplish this complex work by the scheduled deadline.
